Dear Gloria,

Based on my new understanding of how this works, I wish to modify my request 06-FOI-00024-12.

The following items (index pages attached for reference) are the only ones I would like to have by the time we meet, if possible:

Index #1 page 13
Document ID 186706
11-15-1989
"EPA RESPONSE INDICATING THAT THE WASTE MATERIALS AT THE ARKWOOD SITE WOULD NOT BE CONSIDERED TO BE DIOXIN WASTES"

Index #4 page 10
Document ID 906935
05-18-1990
"DISCUSSION OF MERITS OF A AGROUNDWATER REMEDIATION ALTERNATIVE"

Index #4 page 11
Document ID 906980
09-26-1985
"OMAHA, ARKANSAS LOOKING FORWARD TO TYSON'S LOCATING IN OMAHA"

Index #5 page 13
Document ID 1004484
07-06-1990
"UPPER BOUND EXCESS LIFETIME CANCER RISK AND REMEDIATION GOALS FOR THE ARKWOOD SUPERFUND SITE"

Index #6 page 4
Document ID 9096843
05-10-1990
"DRAFT - REMEDIATION GOALS FOR THE ARKWOOD SITE"

Also, as I now understand that the owner would need to order a new survey of the remediated area, according to EPA specifications, before EPA could agree to amend the Institutional Control, I don't feel the need to search the paper files for a good construction map. Please cancel my call for paper files from the storage facilities. That list of requested paper items was submitted directly to Derek as an Excel spreadsheet (attached here).

Please consider this email my official modification of request 06-FOI-00024-12. If I ever need anything else, I will file new request.

Thank you,

Curt

Mr. Grisham:

The Region has evaluated your request in the attached email. Your request for "each and every item in all six (6) indices" will be treated as a second FOIA request effective today. In accordance with FOIA requirements, the Region will require 20 or more days to process this request because of the voluminous documents that are contained in the indices.

Please reply to all with your understanding of this email.

Thank you,

Gloria Moran

Subject: Grisham Jr FOIA request

Derek,

I would like everything that exists in electronic format please i.e. each and every item listed in all six (6) indices forwarded to me by Ms. Moran.

Please let me know if that will be a problem. I will pay in advance for the hard drive or drives that will likely be required to fit all the data. Please let me know how you would like to handle it.

Thank you.

Curt
